

CONFERENCE PROGRAM

01st - 03rd April 2025, Estrel Berlin

E-Bus Forum 1 and 2
Forum Autonomous Driving
Forum Personnel
Forum Digitalization
DELFI Forum Passenger information

Partner:

An initiative of:

mobility
move '25

mobility move combines future topics under one roof

Dear colleagues,

The mobility transition presents us with enormous challenges. At the same time, it offers us the opportunity to make our transportation systems more sustainable, efficient and modern.

Topics such as climate protection, digitalization, the shortage of skilled workers and the expansion of new technology are crucial in this regard. From April 1 to 3, 2025, mobility move invites you to focus on these topics of the future. As an established platform, the event brings together experts from practice, politics and industry and offers the opportunity to jointly develop strategies and concrete solutions for the key issues of the transport transition. Following last year's successful launch, in 2025 we are focusing on a thematic fourfold approach: electric, autonomous, digital and human. This approach reflects the diversity of requirements facing the industry. Electrification remains a key strategy for reducing CO₂-emissions. Autonomous vehicles promise new efficiency potential. Meanwhile, digitalization creates the basis for intelligent and networked transport systems. At the same time, the focus is on people: from the further training of specialist staff to the design of attractive working conditions.

The mobility move offers you:

Lectures and panel discussions

Renowned experts will shed light on the industry's most pressing issues - from charging and refueling infrastructure, digital control and predictive maintenance to new concepts for operation in rural areas.

Innovative forums

With the expanded IT forum, topics such as data collection, data analysis and IT security are moving even more into focus. A new personnel forum is specifically dedicated to the qualification and further training of employees in order to provide practical support for the digital transformation.

Practical relevance

At mobility move we bring theory and practice together - experience innovative concepts directly on the products presented and find out how they can shape the mobility of tomorrow.

A special highlight is the "mobility move night", which is now an established part of the event. In a relaxed atmosphere, you can make contacts, exchange ideas and work together on new solutions.

We invite you to discuss together how we can make the mobility of the future sustainable, reliable and innovative.

Register now

Here you can register for mobility move 2025

<https://www.mobility-move.de/en/registration.html>

VDV-VerbandsApp

All information on the event days in the VDV-VerbandsApp

<https://app.vdv.de/events/2402>

Interpretation

E-Bus Forum 1, E-Bus Forum 2 and Forum Autonomous Driving will be translated simultaneously into German and English.

available in the conference room.

Tuesday 01.04.2025

Registration

from 16:00 h in „Foyer 1“ of the Estrel Berlin

You will receive your name badge for the event at the registration counter.

You are welcome to collect these from 16:00 h before admission to the evening events begins at 18:00 h.

Please follow the „mobility move“ signs in the hotel.

The registration counter will of course be open for you during the entire event and on all days.

mobility move night

from 18:00 h until 22:00 h in the exhibition

On Tuesday evening, the trade fair will open with the „mobility move night“.

You can look forward to an industry get-together with food and drinks.

The buffet will be offered from 19:00 h to 21:00 h in all three exhibition halls.

We thank our partners

Wednesday 2.04.2025

Opening event

in E-Bus Forum 1 	
9:00	Welcome and introduction to the event Martin Schmitz Chief Technical Officer • Verband Deutscher Verkehrsunternehmen (VDV), Chairman of the Board • Forum für Verkehr und Logistik e. V.
9:10	Opening by the VDV Ingo Wortmann CEO Mobility • Stadtwerke München GmbH / President • Verband Deutscher Verkehrsunternehmen (VDV)
9:30	Keynote: How can Germany face up to the new geopolitical challenges? Michael Best Strategy consultant, former head of communications at the Bundesbank and television journalist for ARD
10:05	Keynote: Google's Unique Value Pillars for the Next Gen Public Transport (in English language) Anant Vikram Industry Architect • Google Cloud for Automotive
10:30	 Short coffee break / Start of Forum Autonomous Driving

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	Forum Personnel	Forum Digitalization
10:45	<p>Keynote: CO2 pricing and its steering effect Prof. Dr. Manuel Frondel Professor of Energy Economics and Applied Econometrics • RWI - Leibniz-Institut für Wirtschaftsforschung e. V.</p>		<p>Thematic block: Germany as a lead market for autonomous driving</p>	<p>Thematic block: Challenges and potential solutions</p>	
11:00			<p>Impulse lecture The future drives autonomously – The strategy of the Federal Government MDin Gertrud Husch Ministerial Director, Head of Digital Connectivity Department • Federal Ministry for Digital and Transport (BMDV)</p>	<p>Personnel is the key. A talk about the future of HR in public transportation Harald Kraus Chairman of the Board • VDV-Akademie / Board member, Labour Director • DSW 21 Alexander Möller CEO • VDV-Akademie / CEO Public Transport • Verband Deutscher Verkehrsunternehmen (VDV)</p>	
			<p>Keynote: DB Regio study on integrated autonomous public transport in Germany Ricco Kämpfer Senior Consultant, Team Lead Autonomous Driving Market & Strategy • P3 automotive GmbH</p>	<p>Clichés 1 – Stuffy insurance companies? How does DEVK successfully recruit and retain employees? Alexander Möller CEO • VDV-Akademie / CEO Public Transport • Verband Deutscher Verkehrsunternehmen (VDV) Dietmar Scheel Board Member Human Resources and Sales Officer • DEVK Versicherungen</p>	

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	Forum Personnel	Forum Digitalization
11:15	<p>Panel discussion: Dealing with and implementing innovations in regulated markets</p> <p>Michael Best Strategy consultant, former head of communications at the Bundesbank and television journalist for ARD</p>		<p>Continuation keynote of Ricco Kämpfer (see previous page)</p>	<p>Continuation talk of Alexander Möller & Dietmar Scheel (see previous page)</p>	
11:30	<p>Tim Dahlmann-Resing Vice President • Verband Deutscher Verkehrsunternehmen (VDV) / Board member • Verkehrs-Aktiengesellschaft Nürnberg (VAG)</p> <p>Prof. Dr. Manuel Frondel Professor of Energy Economics and Applied Econometrics • RWI - Leibniz-Institut für Wirtschaftsforschung e. V.</p> <p>Robert Henrich Chairman of the Board • Hamburger Hochbahn AG</p>		<p>Panel discussion</p> <p>Henrik Falk Board member • Berliner Verkehrsbetriebe (BVG)</p> <p>Markus Heß Subdivision Manager IVA • Federal Ministry for Economic Affairs and Climate Action (BMWK)</p> <p>MDin Gertrud Husch Ministerial Director, Head of Digital Connectivity Department • BMDV</p> <p>Ricco Kämpfer Senior Consultant • P3-Group</p> <p>Lena Kleinschmidt Director Commercial • HOLON</p> <p>Dr. Arne Schneemann Board member • DB Regio Straße</p>	<p>Clichés 2 – Unattractive working conditions? How do we as an industry deal with it? What still needs to be done?</p> <p>Lisa Gadomski Employer Branding/Personnel marketing • VDV-Arbeitgeberinitiative</p> <p>Johannes Gregor Geschäftsführer • HEAG mobilo GmbH</p>	
11:45					
12:00					
12:15	<p> Lunch break – buffet in all three exhibition halls</p>				

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	Forum Personnel	Forum Digitalization
13:00	Topic block: Design of depots & operation	Topic block: Innovation		Topic block: Transformation and digitization	Topic block: Digitalization in transport companies
	Experiences from the switch to zero-emission vehicles in Amsterdam Peter de Winter Senior projectleider Openbaar Vervoer • Vervoerregio Amsterdam	Market observation – Trends and developments Dieter Hanke & Kirsten Krämer Editorial management • Omnibusspiegel		Transformation process started: Berlin Recycling is getting fit for the future Bianka Rieder CEO • Berlin Recycling	Moderation and introduction to the topic Martin in der Beek Technical Managing Director • Rhein-Neckar-Verkehr GmbH (RNV)
13:15	Planning and construction of electric depots (Cologne–Porz) Jörn Schwarze Board member • Kölner Verkehrs-Betriebe AG	Innovation for public transport: ZF's new e-drives as the key to efficiency and TCO Markus Eisele Head of Development • ZF Friedrichshafen	Topic block: Autonomous driving strategies of manufacturers worldwide		Keynote: Future viability through Digitalization: How transport companies ensure their survival Frank Niggemeier-Oliva Managing Director • Bahnen der Stadt Monheim GmbH
			Autonomous Driving in Japan Takahiko Uchimura Project Researcher • U-Tokyo The University of Tokyo		
13:30	Concepts for reducing public transport emissions in the City of Luxembourg Lex Bentner Head of Public Transport • City of Luxembourg	CROSSWAY LE ELEC ist „Sustainable Bus of the Year 2024“ Jean Marc Boucheret Marketing and Product Management Sustainable Mobility Iveco Bus • IVECO Group	The strategy of WeRide Dr. Yong Gessner Executive Director - EU • WeRide.ai	Communication as a success factor for day-to-day operations Marcus C. Aue CEO • jouri by 12-05 Solutions	
13:45	Transformation of bus operations Anja Wenmakers CEO • Stadtwerke Bonn Verkehrs GmbH	Reduce operating costs in line with environmental targets – and give drivers a fair share. Robin Neitzel Authorized signatory, member of the management • Kienzle Automotive GmbH	Gen.Urban – Customer experience of autonomous driving Dr. Katja Jöchen Director Group Innovation Mobility Solutions • Volkswagen AG		

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	Forum Personnel	Forum Digitalization
14:00	<p>Concept for a secure rest area for critical electric vehicles Jörg Krüger Owner • Krüger New Mobility Service</p>	<p>The new Frankfurt bus design – customer-friendly, elegant & innovative Prof. Dr. Tom Reinhold CEO • traffiQ Tobias Schreiber Stv. Bereichsleiter Innovation • traffiQ</p>	<p>The self-driving system from Imagry Ingo Bruse Director Sales - Europe • Imagry</p>	<p>The future of learning: new learning and digital innovations in practice Monique Heimann Head of Professional Development & Digital Learning • VDV-Akademie GmbH Stefanie Menke Head of New Learning • VDV-Akademie GmbH</p>	<p>From vision to implementation Kathrin Boden Head of Corporate Development • Dresdner Verkehrsbetriebe AG</p>
14:15	<p>Conversion of Ulm and Neu-Ulm city transportation Ralf Gummersbach CEO • SWU Stadtwerke Ulm/Neu-Ulm GmbH Marius Schneider Development engineer • EMCEL GmbH</p>	<p>The new BYD bus – features and performance Horst Woitschig Sales Manager eBus DACH Market • BYD</p>	<p>Questions and discussion</p>		<p>Achieving goals efficiently with clear roles and lean processes Maximilian Obenaus CIO • Verkehrsbetriebe Karlsruhe GmbH</p>
14:30	<p>PostBus Switzerland – The road to CO2-free mobility Peter Lacher Head of Operations, Member of the Management Board • Postauto Schweiz AG</p>	<p>Fleet optimization with the modular SIGMA minibus and midibus platform Martin Gruber Managing Director • Jebsen & Jessen Industrial Solutions GmbH</p>		<p>Digital learning in the driving school Monique Heimann Geschäftsbereichsleiterin Berufliche Weiterbildung & Digitales Lernen • VDV-Akademie GmbH Thomas Schmalen Procurator • Regionalverkehr Köln GmbH</p>	<p>Make or Buy? – Decision-making in Munich Michael Winkler Head of Digitalization and Telematics Traffic • Stadtwerke München GmbH</p>
14:45	<p>A New Approach to Winning eBus Tenders Stephan Rüb Senior consultant for calculation and special technical projects • DB Regio AG Alexander Tetarbe Sales Director • WideSense</p>	<p>Future battery development and consequences for bus operation Philipp Sinhuber Managing Director / Co-Founder • ebusplan GmbH</p>			
15:00	<p> Coffee break in all three exhibition halls</p>				

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	Forum Personnel	Forum Digitalization	
15:15			<p>Thematic block: Implementation and standardization in public transport</p> <p>Results of the LeitmotiF-KI project Dr. Claus Dohmen Head of department for operational digitalization: central systems • Verband Deutscher Verkehrsunternehmen (VDV)</p>			
15:30			<p>The implementation of the standard – report from the ABSOLUT II project Yasmin Dufner R&D Manager • INIT Group Ruslan Hrushchak CEO • BitCtrl Systems GmbH Mario Nowack Project manager ABSOLUT • Leipziger Verkehrsbetriebe (LVB) GmbH</p>	<p>Thematic block: Thinking outside the box</p> <p>Best practice: Flensburg recruits in Kenya Roger Schwarz Chief Legal Officer • Skillution GmbH Paul Hemkentokrax CEO • Aktiv Bus Flensburg GmbH</p>		
15:45				<p>The automated depot – from vision to reality Michael Preusker Innovation Manager • PSI Transcom</p>	<p>Putting the brakes on staff shortages – attracting talent that others overlook Ida Neumann Integration Expert • socialbee gGmbH</p>	
16:00				<p> Coffee break in the foyer in front of the forum</p>		
16:15						

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	Forum Personnel	Forum Digitalization
16:30	Thematic block: Funding & financing	Thematic block: Tendering and implementation concepts outside metropolitan regions	Coffee break in the foyer in front of the forum	Talk: Networks as a success factor in diverse cooperations Kerstin Dämon Women in Mobility / Online Communica- tion Officer • VDV eTicket Service Anna Filby Founder & CEO • Young Mobility Network Meinhard Zistel #öffisbunt / Head of Department Public Transport Financing • Verband Deut- scher Verkehrsunternehmen (VDV)	Topic block: Passenger information Moderation: Dr.-Ing. Stephan Hörold Head of Information, Innovation and Central IT • VRR
	Concept for alternative solutions for financing public transport Conrad Jansen Business Development and Sales Lead • Hitachi	The e-bus transformation between market ramp-up and future prospects – accompanying study on BMWK funding Maximilian Rohs Director • PriceWaterhouseCoopers Hinrich Helms Topic leader electromobility • ifeu – Institut für Energie- und Umwelt- forschung Heidelberg gGmbH			Legal requirements Dr. Claus Dohmen Head of department for operational digitalization: central systems • Verband Deutscher Verkehrsunternehmen (VDV)
16:45	Economic consideration from operational point of view Jan Bleis CEO • Rostocker Straßenbahn AG	Infrastructure development in public spaces Frank Gäfgen CEO mobility • Stadtwerke Münster	Brief reports from the projects, test subject companies and accompanying research Moderation: Prof. Barbara Lenz Transport researcher, mobility expert	Implementation of the legal require- ments Marco F. Gennaro CEO • DELFI e. V. / Head of Passenger Information and Digital Networking Division, Procurator • rms GmbH	
			RABus Dr.-Ing. Ulrike Weinrich Project management RABus • FKFS – Forschungsinstitut für Kraftfahrwesen und Fahrzeugmotoren Stuttgart		
17:00	Reducing TCO through intelligent energy management René Zettl Head of Sales • eMIS Management GmbH	Development of charging infrastructure for battery-electric buses outside major cities Sabine Eichhorn Head of department • Verkehrsverbund Rhein-Neckar GmbH	ALIKE Ulrike Arndt Project manager ALIKE • Hamburger Hochbahn AG	Passenger information for intermodal travel chains Bert Lange Specialist architect • Deutsche Bahn AG	

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	Forum Personnel	Forum Digitalization
17:15	<p>eDrives – financing options & practical example</p> <p>Ilka Heidschwager PD – Advisor to the public sector</p>	<p>Loading containers for energy supply in the surrounding area</p> <p>Tim Harmening Head of Operating Technology • üstra Hannoversche Verkehrsbetriebe AG</p>	<p>ALBUS</p> <p>Dr.-Ing. Christian Kollenberg Project manager ALBUS • Region Hannover</p>		<p>The digital bus stop</p> <p>Christopher Land Deputy Head of Department • Berliner Verkehrsbetriebe (BVG)</p> <p>Bernd Michaelis Project management & requirements management for passenger information systems • Berliner Verkehrsbetriebe (BVG)</p>
17:30	<p>Panel discussion: How do we finance transformation?</p> <p>Stefanie Haaks Chairwoman of the Board • Kölner Verkehrs-Betriebe AG / Chairwoman General Economic Committee, VDV</p>	<p>Invitation to tender for subcontractor services for zero-emission powered buses, Procedure and experience</p> <p>Arne Petersen CEO • moBiel GmbH</p>	<p>KIRA</p> <p>Sofia Pavlakis Consultant New Mobility • rms GmbH</p>		<p>Architecture of the future and flexible data distribution</p> <p>Peter Dörfler Team Lead • IVU Traffic Technologies AG</p>
17:45	<p>Thomas Kiel d'Aragon Traffic and Civil Engineering Officer • Deutscher Städtetag</p> <p>Dr. Wiebke Zimmer Deputy Director • Agora Verkehrswende</p>	<p>Charging the future: How the charging infrastructure for e-buses is revolutionizing rural areas and what challenges need to be overcome</p> <p>Felix Burow Project Manager Alternative Antriebe • DB Regio Bus Nord</p> <p>Okan Özdemir Project Manager • DB Energie GmbH</p>	<p>Project NeMo.bil</p> <p>Marcus Zwick CEO • INYO Mobility GmbH</p>		<p>Questions and discussion</p>
18:00	End of the first conference day	End of the first conference day	End of the first conference day	End of the first conference day	End of the first conference day
19:00	Evening and networking event – buffet in all three exhibition halls				

	E-Bus Forum 1	E-Bus Forum 2	Autonomous Driving	DELFI Forum	Forum Digitalization
09:00	<p>Welcome to the second day Werner Overkamp Managing Director • STOAG Stadtwerke Oberhausen GmbH • Vice President & chairman of the board of directors passenger transport bus • Verband Deutscher Verkehrsunternehmen (VDV)</p> <p>Greetings from the Federal Ministry for Economic Cooperation and Development (BMZ) Dirk Meyer Head of the Department Multilateral Development Policy; Transformation; Climate • BMZ</p>		<p>Topic block: Introduction of autonomous driving and Requirements for public transport shuttles</p> <p>Guide to the autonomous driving project setup Emanuele Leonetti Research Associate • Verband Deutscher Verkehrsunternehmen (VDV)</p>	<p>Thematic block DELFI – Organization, role and benefits for the industry</p> <p>DELFI – Who we are, what we do Jürgen Roß Chairman of the Board • Verein zur Förderung einer durchgängigen elektronischen Fahrgastinformation (DELFI) e. Venue

how to find us

Estrel Hotel Berlin ☎ 030 6831 0
 Sonnenallee 225 ✉ hotel@estrel.com
 12057 Berlin 🌐 www.estrel.com
 📍 [Google Maps](#)

By public transport or car

Connection to the public transport is excellent: 250 meters to the S-Bahn station “Sonnenallee”. The M41 bus line with a stop right in front of the hotel provides a connection to the subway network, Potsdamer Platz and the main train station every 5 minutes during the day and every 10 minutes in the evening. With the “Grenzallee” on/off ramp, the next connection to City Highway 100 is in the immediate vicinity.
